GASPOOL to distribute 0,005 ct/kWh to customers

Surplus accrued in the control and balancing energy levy account will be paid out to balancing group managers

Berlin (Germany). In July, GASPOOL is going to distribute a total amount of €11.7m for the levy validity period winter 2013/2014, with payments of 0,005 cents per kilowatt-hour being made for fed-out volumes of relevance of balancing to the balancing group managers by GASPOOL.

This is the second time that the market area operator distributes a surplus in its control and balancing energy levy account. In March 2014 GASPOOL distributed the surplus accrued for the summer period 2013, with payments then totalling €166.2m. In compliance with the GABi Gas ruling issued by the German federal regulator Bundesnetzagentur, GASPOOL has been applying a control and balancing energy levy of 0 ct/kWh since 1 October 2013.

About GASPOOL
