

PRESS RELEASE

THE to restructure management as of July 2024

Berlin/Ratingen, February 14, 2024. Trading Hub Europe GmbH (THE) will make changes to its management effective July 1, 2024. Dr. Thomas Becker and Jörg Ehmke will step down from THE's management at this time.

Dr. Thomas Becker will become part of the management of THE shareholder Thyssengas. Jörg Ehmke will henceforth collaborate with the consulting firm BET as an advisor in the energy sector. Torsten Frank and Dr. Sebastian Kemper will continue their roles as managing directors of THE.

THE was formed in 2021 through the merger of the former companies GASPOOL and NetConnect Germany. Jörg Ehmke had previously served for several years as managing director of GASPOOL, while Dr. Thomas Becker had been managing director of NetConnect Germany.

"The shareholders of THE express their gratitude to Thomas Becker and Jörg Ehmke for their outstanding work, wish them much success in their new roles, and look forward to the continuation of the trusted collaboration with Sebastian Kemper and Torsten Frank," explains Dr. Thomas Gößmann on behalf of the shareholders of THE.

"We are pleased that, following the merger to form THE, we were able to collectively manage and handle the rebuilding of the company, as well as the new responsibilities assumed by THE since 2022 in relation to security of supply. We are losing two competent and highly esteemed colleagues who have significantly shaped the development of THE," add Torsten Frank and Dr. Sebastian Kemper.

For the latest information about the company, please visit our website at www.tradinghub.eu.

Trading Hub Europe GmbH was established on 1 June 2021 by the network operators bayernets GmbH, Fluxys TENP GmbH, GASCADE Gastransport GmbH, Gastransport Nord GmbH, Gasunie Deutschland Transport Services GmbH, GRTgaz Deutschland GmbH, Nowega GmbH, ONTRAS Gastransport GmbH, Open Grid Europe GmbH, terranets bw GmbH and Thyssengas GmbH. The high-pressure pipeline system in Trading Hub Europe's nationwide market area has a total length of some 40,000 km and connects more than 700 downstream networks. The market area manager's responsibilities include balancing group management, operation of the virtual trading point and the procurement of balancing gas. Thus, Trading Hub Europe ensures the operation of the joint market area and makes an important contribution to the security of natural gas supplies in Germany and Europe.
